The objective of this questionnaire is to gather information from the Member States in preparation of the United Nations E-Government Survey 2020. Please note that these responses do not directly affect the UN E-Government Development Index (EGDI), which is a composite index of Online Service Index (OSI), Telecommunications Infrastructure Index (TII) and Human Capital Index (HCI). UNDESA\(^1\) assesses national portals with the assistance of independent researchers to construct OSI, requests data from the International Telecommunications Union (ITU) and the United Nations Educational, Scientific and Cultural Organization (UNESCO) to construct TII and HCI respectively. For any questions about this questionnaire, please contact dpidg@un.org.

I/We hereby authorize UNDESA to publish my/our responses as deemed necessary.

II. Strategy and Implementation

6. Is there a national development strategy incorporating the Sustainable Development Goals (SDGs)?

Yes. “The Economy Recovery and Growth Plan (ERGP)”. The vision of the ERGP is one of sustained inclusive growth. There is an urgent need as a nation to drive a structural economic transformation with an emphasis on improving both public and private sector efficiency. This is aimed at increasing national productivity and achieving sustainable diversification of production, to significantly grow the economy and achieve maximum welfare for the citizens, beginning with food and energy security. The ERGP has three broad strategic objectives that will help achieve the vision of inclusive growth: (1) restoring growth, (2) investing in our people, and (3) building a globally competitive economy.

7. Is there a national e-government strategy/digital readiness strategy or equivalent?

Yes. “The Nigerian e-Government Master plan 2020”. A Blueprint of modalities, protocols & best practices was developed by the Federal Ministry of Communications for a holistic adoption of e-Government across the country. The Strategy Document which is hinged on a ‘whole-of-government’ approach has been approved for implementation by the Federal Executive Council (FEC) (which is the highest decision-making authority in Nigeria). A ‘Presidential Committee on e-Government’ is to take ownership and drive nationwide adoption.
