The objective of this questionnaire is to gather information from the Member States in preparation of the United Nations E-Government Survey 2020. Please note that these responses do not directly affect the UN E-Government Development Index (EGDI), which is a composite index of Online Service Index (OSI), Telecommunications Infrastructure Index (TII) and Human Capital Index (HCI). UNDESA\(^1\) assesses national portals with the assistance of independent researchers to construct OSI, requests data from the International Telecommunications Union (ITU) and the United Nations Educational, Scientific and Cultural Organization (UNESCO) to construct TII and HCI respectively. For any questions about this questionnaire, please contact dpidg@un.org.

I/We hereby authorize UNDESA to publish my/our responses as deemed necessary.

In 2013, the Government launched its National Economic and Social Development Plan which will run up to 2025. This plan outlines the country’s long-term strategies for national development and offers a vision for improving the quality of life for all Vincentians. In order to realize this vision, the following five strategic goals along with strategic objectives have been identified:

- Re-engineering economic growth
- Enabling increased human and social development
- Promoting good governance and increasing the effectiveness of public administration
- Improving physical infrastructure reserving the environment and building resilience to climate change

Saint Vincent and the Grenadines has not yet aligned its NESDP with the SDGs and other modalities such as the SIDs Accelerated Modalities of Action (SAMOA) Pathway. The country is inscribed on the list of countries to presents its VNR in 2020. Activities to be undertaken in 2020 will include a Rapid Integrated Assessment (RIA) to determine the level of SDG compliance of the current NESDP. Further activities will include the mainstreaming Acceleration and Policy Support (MAPS) that will be required for alignment of the Plan with the 2030 Agenda.
