

Member States Questionnaire (MSQ) for the United Nations E-Government Survey 2024

The objective of this questionnaire is to gather information from Member States in preparation of the United Nations E-Government Survey 2024. Please note that these responses do not directly affect the UN E-Government Development Index (EGDI), which is a composite index of the Online Service Index (OSI), Telecommunications Infrastructure Index (TII) and Human Capital Index (HCI). The United Nations Department of Economic and Social Affairs (UN DESA) assesses national portals with the assistance of independent researchers to construct the OSI, and requests data from the International Telecommunications Union (ITU) and the United Nations Educational, Scientific and Cultural Organization (UNESCO) to construct TII and HCI respectively. Inputs to the MSQ will be used by the United Nations E-Government Survey 2024 team for more in-depth country analysis, fact-checking and data quality assurance.
