2. Content of Recommendation

TFK is a mentoring volunteer group that was founded upon pure passion and strong conviction of outstanding college students. College students who strongly believe that education should be a means of upward social mobility are voluntarily helping high school students from low income families. Seodaemun-gu Office is lending full support to our activities in various ways. Seodaemun-gu Office is actively introducing students from low income families who are in need of more educational opportunities to TFK, and providing locations for mentoring and school supplies required for class. With the belief that students from low-income families require educational opportunities in order to overcome their difficulties, Seodaemun-gu Office is providing generous support for our volunteer work in various ways. I recommend Seodaemun-gu Office as a candidate for the UN Public Service Awards, with high regards for its efforts.

I hereby recommend Seodaemun-gu Office as a candidate for UN Public Service Awards.
